### TECHNICAL DATA

|                                    |   |
|------------------------------------|---|
| Material                           | steel, galvanised, clamps made of aluminium |
| Material Diameter                  | Ø 0.20" (316")                              |
| Mesh Size                          | 2.0" x 8.0"                                 |
| Pose of Meshes                     | rectangular                                 |
| Mesh Connection                    | clamp-connection with four-wire connector   |
| Rope Construction                  | 7 x 19                                      |
| Edge Design                        | loops                                       |
| Breaking Force                     | minimum breaking force of rope: 3,300 lbf   |
| Slip Resistance of Wire Connectors | 670 lbf                                     |
| Continuous Operating Temperature   | -40 to +300 °F                              |
| Weather-Resistance                 | very good                                   |
| Electrical Characteristics         | electrically conducting                     |
| Customs Tariff No.                 | 73129000                                    |
| Area Density                       | 57.50 oz/yd <sup>2</sup>                    |
